

FREQUENTLY ASKED QUESTIONS

✓ WHAT ARE THE MAIN BENEFITS OF BioRePeelCl₃®?

You'll see immediate results and an instant glow! BioRePeelCl₃® sheds dead skin cells, exfoliates the skin surface, hydrates, and reveals a more youthful looking appearance to the skin. Long term, BioRePeelCl₃® helps fight fine lines and wrinkles, lift pigmentation, even skin texture and alleviates acne and scarring. It is safe for all skin types, tones, and ages.

✓ HOW MANY SESSIONS WILL I NEED?

Your practitioner will advise based on your individual needs and desired goals in your initial consultation. General recommendation is 4-6 sessions, depending on the severity of skin condition and concern. Treatments can be scheduled 7 to 10 days apart. BioRePeelCl₃® can also be done as a standalone application for skin maintenance before a big event to get that incredible GLOW!

✓ HOW LONG DO RESULTS LAST?

You will see INSTANT RESULTS with a nice skin glow, tightness of pores, and more plump skin. BioRePeelCl₃® targets the dermis (medium depth of skin) with the goal of stimulating new skin growth and improving surface texture and appearance. It is used to diminish long term effects in treating active skin concerns such as sun damage, blemishes, pigmentation, wrinkles, and fine lines.

✓ HOW LONG DOES THE PROCEDURE TAKE? DOES IT HURT?

Single session of BioRePeelCl₃® is quick and effective, taking approximately 15 minutes and can be combined with other spa treatments. Your practitioner may combine other protocols/therapies with BioRePeelCl₃® based on their expertise and clients skin concern. It is needle free and painless!

IS THERE ANY PEELING INVOLVED?

✓ BioRePeelCl₃® has minimal to NO DOWNTIME which means no excessive peeling will occur after a session, unlike most other TCA peels. However, it is normal for some people to experience slight skin shedding due to the accumulation of dead skin cells in a specific area that has been removed and stimulated.

IS BioRePeelCl₃® SAFE?

✓ BioRePeelCl₃® is completely safe for use on ALL skin types, tones, and ages. It is NOT photosensitive and can be used ALL YEAR ROUND with recommended use of SPF 50+.

MADE IN ITALY

THE NEW FRONTIER OF AESTHETIC PEELING

Real results for healthy and regenerated skin

BioRePeelCl3® improves the skin surface, imperfections, and accelerates cell turnover. Stimulating the reconstruction of collagen and elastin deep within the skin layer, results can be seen instantly and continue to improve over the following weeks.

With ZERO to minimal skin shedding, this revolutionary professional grade peel means you won't have to put your social plans on hold while your skin heals.

FEEL THE BENEFITS!

IMMEDIATE RESULTS

Leave your treatment with an instant glow and watch as the results improve in the coming days.

MINIMAL TO NO AFTEREFFECTS

Gone are the days of hiding while your skin heals, like so many other peels. With ZERO to minimal shedding, you can go on with your daily life. BioRePeelCl3® is NOT photosensitive and can therefore be used all year round.

NEEDLE FREE AND PAINLESS

BioRePeelCl3 is applied without a needle – This instant glow and hydrating skin feeling can be achieved on your lunch hour and is PAIN FREE!

ACTIVE INGREDIENT ACTION

The super moisturizing formula stimulates the skin in a biosynthetic process essential to countering effects of anti-aging and skin damage caused by UV rays and environmental pollution.

BioRePeelCl3® is a high-quality **ITALIAN MADE PRODUCT.**

It's patented formula penetrates the superficial layer of your skin. There it creates a **HEALTHY** chemical injury, helping produce collagen and elastin. It is rich in a combination of amino acids and vitamins.

INGREDIENTS

- **TCA** removes dead skin cells and stimulates new cell growth
- **LACTOBIONIC ACID** provides an underlayer to skin cells
- **SALICYLIC ACID** helps fight bacteria on skin
- **TARTARIC AND CITRIC ACID** aid in the exfoliation of the skin
- **GLYCINE, PROLINE, HYDROXYPROLINE** essential amino acids for production of healthy collagen
- **ARGININE** balances the TCA and stimulates the blood stream
- **VITAMINS C AND B2** powerful antioxidants for the skin
- **GAMMA-AMINO BUTYRIC ACID** relaxes muscles topically
- **SQUALANE** natural lipids to lubricate and protect your skin
- **ISOPROPYL MYRISTATE** acts as the delivery method of BioRePeelCl3® to the dermis

With BioRePeelCl3® the work is done from the **INSIDE OUT.**

Unlike your traditional TCA peels, most chew at the superficial layers of the skin until the desired area is barely visible anymore. Who says your skin needs to peel to achieve optimal results? Our peel gets to the root of the issue and assists in pushing it up and out for significantly longer lasting results.

The most **INNOVATIVE** peel on the market today and **SOLD IN OVER 80 COUNTRIES** worldwide

CONDITIONS TREATED

BioRePeelCl3® can be performed in a single session or used in several treatments to address the following skin conditions:

- **SUN DAMAGE**
- **BLEMISHES**
- **HYPERPIGMENTATION (PIH)**
- **SCARRING**
- **ROSACEA**
- **LARGE PORES**
- **MELASMA**
- **GENERAL SKIN REJUVENATION**

(Your practitioner will consult with you regarding how many sessions are recommended to achieve the desired results).
